MORE INFORMATION:

Conference speakers will include high profile women who have contributed significantly to industry across a broad range of roles. Delegates will be invited from existing and future industry as well as university students looking to industry related careers.

The conference will provide speakers and delegates with the following opportunities:

- Strategic Networking
- Professional Development
- Exposure to career pathways in Industry

This Conference will provide a number of benefits:

- Raise the profile of Women in Industry
- Encourage women to take up meaningful careers in industry and leadership roles in the community
- Raise the profile of the Gladstone region nationally as a region of opportunity
